PATTERN

Make a slip knot and chain 36.

ROW 1: 2dc in the 4th ch from the hook, skip 3 ch, 1 ch in the next ch, * ch 3, 1 dc in each of the next 3 chs, skip the next 3 ch, sc in the next ch, repeat from * across row, turn.

ROW 2: Ch 3, 2 dc in next st, *skip next 3 dc, [1 sc, ch 3, 3 dc] in the next ch-3 space, skip the st, repeat from * across ending skip last 2 sts, sc in the top of the turning chain, turn.

ROWS 3 -47 (or until it reaches 35" in length): Repeat row 2.

ROW 48: sl st in first 3 sts, carry on as usual as per row 2 until the last shell space, then 1 sc in each of the next 2 sts, sl st into the last st.

Break yarn, weave in ends.

FINISH: Sew on your buttons. One end has 4 points and the other end has 5 points. Lay the finished piece down with the end with 4 points on the right and the end with 5 points on the left. To figure out placement of buttons, on the end with the 5 points and side closest to you, sew the first button between shell 1 and shell 2 in the 3rd row (the centre of the button should be about 2" from each edge). The second button should also be between shell 1 and shell 2 but should be further down in row 7, approx. 3" from the centre of the other button. Once complete, wrap the cowl around your neck and button the buttons in the space between the shells in between rows 2 and 3.
